Investment Property Agency comment,

‘This is a really stylish property, which has a brilliantly positive feel and balance to all the rooms. As soon as we walked in we knew we had come across something special – having undergone

complete refurbishment the property combines restored fine original period features such as stripped floorboards and doors with bespoke contemporary design including LED lighting within the kitchen plus double glazed sash and case windows. As one would expect the property has been fully re-wired and a new electric storage heating system installed.’
